

Do you know what you're entitled to?

Are you claiming everything to support you and your business?

As part of its response to COVID-19 and the business financial support package, the Government has made different types of grants and funding available to businesses.

We've brought together this simple guide to the grants and loans that are available to you as part of the COVID-19 support from the Government.

Updated 8 February 2021.

Local Restrictions Support Grants (Closed)

This grant funding is for supporting businesses which have legally been required to close due to local restrictions being put in place.

Businesses that are eligible are those that have been mandated to close by Government and include non-essential retail, leisure, personal care, sports facilities and hospitality businesses.

Additional Restrictions Grant Funding (ARG)

On 31 October 2020, the Government announced the introduction of additional support for Local Authorities under national and Local COVID Alert Level 3 restrictions. The Government expects the majority of this funding to be used for direct business support grants.

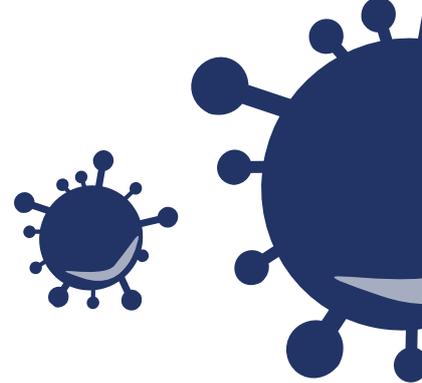

Businesses must have been trading on the first full day of national or LCAL 3 restrictions to be eligible to receive grant support.

To qualify, businesses must have business premises and priority is being given to those businesses in the hospitality and leisure supply chains.

A TRADING DIVISION OF

New (upto) £9K grant per closed business premises

Businesses in retail, hospitality and leisure required to close during Lockdown3 can apply for a grant of up to £9K (depending on rateable value) per closed premises from their local council. Hull City Council has confirmed that any business that has already received Local Restriction Support grants will receive this automatically and it is assumed this will be the case with other authorities. Additional funding has been provided for further discretionary grants too.

Job Retention Scheme

Scheme has now been extended to 30 April 2021.

If you cannot maintain your workforce because your operations have been affected by coronavirus (COVID-19), you can furlough employees and apply for a grant to cover a portion of their usual monthly wage costs where you record them as being on furlough.

You can claim 80% of an employee's usual salary for hours not worked, up to a maximum of £2,500 per month.

Self-Employment Income Support Scheme (SEISS)

The Government has announced to reflect the recent changes to the furlough scheme, the UK-wide Self-Employment Income Support Scheme (SEISS) will be made more generous – with self-employed individuals receiving 80% of their average trading profits for November.

A third grant can be claimed from 30 November 2020. The deadline for making the claim is 29 January 2021.

A fourth grant covering February to April will be available with amounts and details of when claims will be able to be made expected in the Budget on 3 March.

The Coronavirus Business Interruption Loan Scheme (CBILS)

The scheme helps small and medium-sized businesses to access loans and other kinds of finance up to £5 million.

The Government guarantees 80% of the finance to the lender and pays the interest for the first 12 months. There are no capital repayments during that period and no personal guarantees are required if the loan is under £250K.

It has now been announced that banks will have the discretion to extend loan terms from 6 to 10 years if they believe this will increase the business' chances of repaying the loans.

The scheme is now open until 31 March 2021.

Bounce Back Loan

Loans of between £2K and £50K are available to businesses affected by COVID-19. The Bounce Back Loan scheme rules have been adjusted to allow businesses who borrowed less than their maximum (25% of turnover) to top-up their existing loan. As the disruption continues businesses may find that they need additional loan support.

The Government will pay the interest for the first 12 months and there are no capital repayments during that period. No personal guarantees are required from the directors either.

Banks are now contacting customers to see if they would like to a) extend the initial payment

holiday to 18 months; b) extend the loan term from 6 to 10 years or c) set up a period of interest only payments.

The scheme is now open to applications until 31 March 2021.

The Coronavirus Future Fund

The Future Fund provides Government loans to UK-based companies ranging from £125,000 to £5 million, subject to at least equal match funding from private investors.

These convertible loans may be an option for businesses that rely on equity investment and are unable to access other Government business support programmes because they are either pre-revenue or pre-profit.

The scheme is open for applications until 31 January 2021.

Sick Pay Funding

The coronavirus Statutory Sick Pay Rebate Scheme launched online on 26 May.

The scheme enables employers with fewer than 250 employees to claim coronavirus-related Statutory Sick Pay (SSP). Tax agents will also be able to make claims on behalf of employers.

The repayment will cover up to two weeks of the applicable rate of SSP, and is payable if a current or former employee was unable to work on or after 13 March 2020 and entitled to SSP, because they either have coronavirus, are self-isolating and unable to work from home or are shielding because they've been advised that they're at high risk of severe illness from coronavirus.

Pay VAT deferred due to coronavirus

You cannot opt in yet. The online opt in process will be available in early 2021. You must opt in yourself, your agent cannot do this for you.

Instead of paying the full amount by the end of March 2021, you can make up to 11 smaller monthly instalments, interest free. All instalments must be paid by the end of March 2022.

The scheme will allow you to pay your deferred VAT in instalments without adding interest or select the number of instalments from 2 to 11 equal monthly payments.

There are several things you can do to get ready.

- Create a Government Gateway account if you don't have one
- Submit any outstanding VAT returns
- Correct errors before 31 December 2020

Reducing your 2020 to 2021 Self Assessment payments on account

Your payments on account are based on your previous year's tax bill. If your financial situation has been impacted by coronavirus, you may have a reduced tax liability arising for the 2020 to 2021 tax year. You may want to apply to HMRC to reduce your 2020 to 2021 payments on account. You can also defer your 31 July 2020 payment on account until 2021, see link below.

Interest Free Redundancy Payments Loan

Additional funding measure to consider if you have to make people redundant.

The Redundancy Payments Office has a facility which allows borrowing to help businesses who have to make cuts to preserve the remainder of the workforce. It also allows payment of the redundancies by the company rather than a claim having to be lodged with the Government should the business be forced to close.

Payments go direct to the redundant employees so no danger of monies being retained by the company.

Mortgage payment holidays

Payment holidays will continue to be available for homeowners. Borrowers who have been impacted by Covid-19 and have not yet had a mortgage payment holiday will be entitled to a 6 month holiday. Those that have already started a mortgage payment holiday will be able to top up to 6 months without this being recorded on their credit file. You need to apply by 31 March 2021 and all payment holidays must end by 31 July 2021.

Spring Budget

This will take place on 3 March and it is expected there will be news on furlough extensions, the size of the fourth SEISS grant and an extension to the VAT reduction / business rates holiday for hospitality and leisure.

Other things to consider

You can pay your staff (or directors) that are working from home up to £6 per week tax free to help cover costs such as extra gas or electricity.

If your limited company moves from a loss making position into profitability post Covid-19 you may be able to trigger a Corporation Tax refund (and postponement of future liabilities) by bringing forward your accounting reference date (year end). Care needs to be taken with this approach however as the balance sheet that is filed at Companies House is likely to lead to a reduction in the company's credit rating. Please discuss this approach with us before taking any action.
